

BUILDING AN EVALUATION STRATEGY THAT MEASURES WHAT MATTERS MOST

Members of the WELCOA community spent six weeks exploring the important aspects of measuring well-being with subject matter expert and Founder of AdvancingWellness, Mari Ryan, in WELCOA's inaugural Inner Circle on Measuring Well-Being. This resource provides you with specific areas of consideration as you develop an evaluation strategy to measure what matters most in your organization.

ORGANIZATION GOALS

What are the overall goals for your organization?

ORGANIZATION KEY PERFORMANCE INDICATORS

What are the top three overall key performance indicators (KPI's) for your organization?

DEPARTMENT KEY PERFORMANCE INDICATORS

What are the top three overall key performance indicators (KPI's) for your department?

WHY WELL-BEING

What does your organization want to achieve with its approach to well-being/wellness?

PROGRAM MODEL

What model does your organization use for your well-being strategy and initiatives?

MARI RYAN, MBA, MHP, CWP | CEO and Founder • AdvancingWellness
